**Experience Exceptional Care
 & Exceptional Customer Service**

Clinics, gyms & home visits available
 right across the broader Perth region

"Putting the 'care' back into healthcare."

We are a local Perth-based, nationally registered NDIS & ECEI provider of:

- physiotherapy
- occupational therapy
- exercise physiology
- hydrotherapy
- therapy assistance
- psychology
- counselling
- speech therapy
- play therapy

Home / School / Daycare Visits

You can receive any of our supports at your home, school, day care facility, etc. Travel charges apply.

Clinics, Gyms or HydroPools

Enjoy a private treatment room at one of our clinics, 24 / 7 gyms or a hydropool near you:

- Armadale
- Baldivis
- Belmont
- Joondalup
- Kelmscott
- Midland
- Osborne Park
- Success
- Any hydropool (visit our website)

Telehealth / Video Consults

All of our therapeutic supports can also be delivered via your computer through our easy, video consultation system.

Physiotherapy

We have extensive paediatric clinical experience in the management of numerous conditions:

- Autism (ASD), ADHD, GDD
- Cerebral Palsy
- Down Syndrome & Chromosomal Disorders
- Multiple Sclerosis
- Acquired Brain Injuries
- Spinal cord injuries & much more.

Occupational Therapy

We can assist children, young people & families with developmental delays, behavioural issues or physical, sensory or cognitive problems. We can also assist with:

- home modifications, equipment & assistive technology.
- rapid & high quality Functional Capacity Assessments, General Assistive Technology Recommendation Reports, Sensory Profiles, quotes, trials, etc.

Psychology & Counselling

Through psychology or counselling, children & families can explore techniques & options for dealing with trauma, managing anxiety or depression, improving behaviour, communication, relationships and social skills and much more

Therapy Assistants

Make your therapy funding go further with a TA / Capability Coach - who all operate under the guidance of our expert Therapists.

Play Therapy

Through our paediatric OTs, children can be encouraged to express themselves, regulate emotions, communicate non verbally, practice new skills, when they are ready to do so, through Play Therapy.

Speech Pathology / Therapy

Our Speech Pathologists assist children & young people with mealtime management, communication problems and a wide range of speech disorders.

Exercise Physiology

Our accredited Exercise Physiologists have extensive experience in the management & physiological functioning for children & young people. Hydrotherapy available.

We are registered to provide Early Childhood Early Intervention (ECEI) supports (for children 0-6 years old).
